

The NIRI Career Transition program assists members who become unemployed. The program suspends national membership dues for a period of twelve months at the end of the current membership term. Members will continue to receive full member benefits, including access to the Career Center, webinars, salary survey and networking opportunities. Members must be unemployed at the time of application and be active dues-paying members. If members are re-employed during the dues suspension, they are expected to renew their paid membership with NIRI at that time. The program does not cover chapter, industry roundtable, or senior roundtable dues.

To be completed by all applicants
